Title: Garnishment of Accounts Containing Federal Benefit Payments

Abstract: The rule establishes straightforward, uniform procedures that financial institutions must follow when a garnishment order is received for an account into which Federal benefit

payments have been directly deposited. Financial institutions that comply with the required procedures are given a safe harbor under the rule. The rule requires a financial institution to review the account, to determine if any exempt benefit payments have been directly deposited within the 60 calendar days prior to the receipt of the garnishment order, and, if so, requires the financial institution to ensure that the account holder has access to a protected amount of funds in the account. Once the account review is completed the financial institution must notify the accountholder of the receipt of the garnishment order and provide certain additional information. In addition, a financial institution must maintain certain records of account activity and actions taken in response to garnishment orders sufficient to demonstrate compliance with the rule.

Affected Public: Businesses or other for-profit institutions.

Estimated Total Annual Burden Hours: 24,167.
